

Suggested Tweets and Posts for HIP Partners focused on the HIP Year in Review

Quick Content! All Suggested Tweets Ready to be Posted

Monthly, we send you an updated social media guide on the High Impact Practices in Family Planning (HIPs) with the purpose of (1) increasing awareness and use of the HIP briefs, and (2) generating traffic on the HIP website. Beginning in October 2021, we started including posts for sharing on LinkedIn. Please share!

In light of the new year, this month's social media messages are focused on consolidated accomplishments the HIP Partnership reached in 2021. The Partnership released an updated set of Service Delivery briefs, the Adolescent-Responsive Contraceptive Services Enhancement, webinar recordings, several new translations for briefs, and new resources to use in conjunction with HIP briefs and strategic planning guides, such as slide decks and checklists. We want to highlight these products and resources and make sure they are shared widely with the family planning and reproductive health community.
