LinkedIn Post:

September 26th is World Contraception Day, a designated day to improve awareness of contraception and to enable young people to make informed choices about their sexual and reproductive health. This World Contraception Day, with its theme, The Power of Options, it is essential to recognize the importance of providing a range of contraceptive options to people. Did you know? There is evidence that adolescent-friendly services, when well-designed & well-implemented, can help increase access to & use of contraception. Read more here: <https://www.fphighimpactpractices.org/briefs/adolescent-responsive-contraceptive-services/>
