Monthly, we send you an updated social media guide on the High Impact Practices in Family Planning (HIPs) with the purpose of (1) increasing awareness and use of the HIP briefs, and (2) generating traffic on the HIP website. Please share!

This month's social media messages are focused on spreading awareness about the HIPs at ICFP 2022. From now until the conference in November, we will be promoting the HIPs participation at the conference to raise awareness and generate excitement about HIP-related sessions and side events. The HIPs will be highlighted and discussed in several sessions throughout the conference, which you can read more about here: <https://icfp2022.org/program-implementation/>.

These social media messages are intended to generate excitement about ICFP and the HIP-focused sessions, and encourage people to use the HIPs4FP hashtag during sessions. We developed a gif that you can use for Twitter or LinkedIn; [please download it here](#).
